

Five Little Bees

1 One little bee blew and flew. 

He met a friend, and that made two.  

2 Two little bees, busy as could be--

Along came another and that made
three.   

3 Three little bees, wanted one more,

Found one soon and that made four

4 Four little bees, going to the hive.    

Spied their little brother,

and that made five     

5 Five little bees working every hour--

Buzz away, bees, and find another flower.
