	<p>My _at Book</p>
--	--------------------

Recommended: This little book will last longer if printed on card stock. The last page is to be cut out, then wrapped around the other pages to make a book.

The pockets will remain open ended on the right side. 😊

1. Cut out all pages.
2. Cut letters off the bottom.
3. Fold the bottom up to make a pocket.
4. Make the words to match the pictures.
